

Most of the Rental Genset Applications are containerized; correspondingly suitable cooling solutions are required. Panoto offers the optimum solution with below advantages;

- * Magnificent solution for Hot Ambient Regions due Air on temperature to the radiator equals to ambient.
- * Cost and Size Effective.
- * Easy Maintenance, replacement and installation.
- * Separation between radiator and engine room prevents diesel engine from environmental effects.

Scope of Supply:

- * Cores and expansion tank
- * Fans
- * E-motors
- * Protective Guards
- * Colour Options
